

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Cherry Trees given to God
Are holy and belong to him

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Soulless winds blew
Into the old wood church On Springfield Avenue

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Holy Rollers Jumping up and down
Crying about sin and hell

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Momma sewing, Daddy gone away
Blue Crabs swimming, Fish jumping
Summer lovers kissing

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Soulless winds
Dipping Holy Rollers in the river
Closing their eyes

Satan did not create soulless winds
That Cries and shouts about sin and hell
While deflowering Holy Cherries

Satan wept
Holy Rolls

With Closed eyes
Keep eating steamed crabs
With cheese and apple vinegar

Satan did not create soulless winds
That Cries and shouts about sin and Hell
While deflowering Holy Cherries
